

Dear parents,

We now have our House Music finalists for 2024! Huge well done to everyone who entered. The final is on the 10 July at 6pm and is combined with our Summer Concert, so if your son is involved in any music clubs he will also be in the concert. This is unfortunately with the exception of Orchestra as it's too tricky with all of the keyboards. I'm hoping to have a parent drop-in session for them at the end of term, so I'll keep you posted about that.

If soloists could please be practicing lots at home that would be fantastic.

I've been meeting with house bands (years 5 and 6 only) this week to give them their song and sort out the arrangements. From next week we will meet weekly to practice. I've put a schedule below so they know when to bring their music in and instrument if needed (they can of course use school ones if not). If you could please encourage them to practice as much as possible at home that would be fantastic. They might be slightly different arrangements than the originals but I'll try to get videos on their seesaw over half term so they can practice along with me at home.
